

VINAY KUMAR

Q-1/30 Budh Vihar, Delhi • 9891648446 • vk8964210@gmail.com

ABOUT

A passionate technology learner focused on building innovative and efficient digital solutions. Interested in exploring modern technologies, improving problem-solving abilities, and continuously developing technical and creative skills through projects, collaboration, and real-world challenges.

WORK EXPERIENCE

Logistics Manager, Impact Healthcare Delhi, India | May 2023 – April 2024

- Managed logistics operations including inventory coordination and supply chain tracking.
- Ensured timely distribution of healthcare products while maintaining accurate records.
- Collaborated with team members to improve operational efficiency and workflow.

Hackathon Experience

- Participated in 5+ national and university-level hackathons, working in teams to build AI-powered and full-stack solutions within limited timeframes while applying problem-solving, innovation, and rapid prototyping skills.

EDUCATION

Bachelor of Technology in Artificial Intelligence & Machine Learning Aug 2024 – Aug 2028

University School of Automation & Robotics (USAR)
Guru Gobind Singh Indraprastha University (GGSIPU)

- Focus on Artificial Intelligence, Machine Learning, programming, and software development.
- Actively involved in hackathons, technical learning, and AI-based project development.

Senior Secondary Education Jan 2021 – Sep 2024
GBSSS, Sector-6 Delhi

- Developed strong foundation in mathematics, science, and computer studies.
- Built early interest in programming and technology.
